

Attention!

As you may have noticed there are some misprints in the English Rules of GolfProfi, which are not real essential. But there is one misprint on page 5 that falsifies the rules a little bit. The summary of "The use of the dice" is incomplete. You have to add the **8 sided die** to the Teeing area, the Fairway and the Rough as follows.

Teeing area: 20, 12, 10, 8, 4 sided dice
Fairway: 12, 10, 8, 4 sided dice
Rough: 10, 8, green 4 sided dice
Small wood: 8 sided die
Bunker: 6 sided die
Green: Putter (Double numbered die)
